

NEW B725 HUNTER UK PREMIUM II

THE BEAUTY
IS IN THE
ANTICIPATION

WAITING FOR THE SIGNS.

Taking in the sounds and the smells of the woods and the fields. Waiting for the dogs to point, the rustle in the bushes, the clattering winds. The heart skips a beat, your brain switches to automatic.

You raise your **B725 Hunter UK Premium II** without thinking, perfectly balanced, ready to do exactly what you expect of it. As sure as you can trust that dog to point, this gun will perform.

No quick conclusions here either.

Time and passion make this moment happen.
