

## NEW X-BOLT SF

**YOU DIDN'T BRING A  
BOOK, BUT YOU'VE  
BEEN READING  
ALL MORNING.**

THIS IS NOT JUST WAITING.

This is reading the woods, listening  
to the silence for clues. This is waiting  
to see who will break it first.

A match of patience, of mutual respect.

This is holding the **X-Bolt SF Long Range**

**McMillan** in your hands

and trusting it to be as ready as you are.

And you know you can. We've designed it

for that precision long shot,

with the feather trigger and the quick reload,

everything you need for that one shot

of the day, of a lifetime.
