

NEW X-BOLT SF

WHATEVER YOU SEE
IT WILL BE WORTH
THE WAIT

THIS IS NOT JUST WAITING.

This is reading the woods, listening
to the silence for clues. This is waiting
to see who will break it first.

A match of patience, of mutual respect.
This is holding the **X-Bolt SF Hunter Eclipse**

Threaded in your hands
and trusting it to be as ready as you are.
And you know you can. We've designed it
for that precision long shot,
with the feather trigger and the quick reload,
everything you need for that one shot
of the day, of a lifetime.
